What if my child is in Head Start or Pre-K?

Even if your child attends public preschool, you still need to register for kindergarten.

Does the child need to accompany the parent to registration?

Yes. Children will be given a kindergarten screening that will take about 15 minutes.

What if I don't have all the forms?

You should still come to register. *(Note: all forms will be required prior to starting school in the fall).*

What if I can't make it on April 13th?

Contact the division student registrar to make an appointment for another day.
